

Lonas de impresión

Features

- Compatible with various solvent and eco-solvent inks
- Matte & gloss finish surfaces available
- Smooth surface makes it perfect for high resolution printing
- No curling edges

Physical properties

Properties	Unit	JFD550
Basic fabric	Denier	500×500
	Threads/Inch ²	28×28
Weight	g/m ²	440
	oz/yd ²	13
Width		1.02~5.00
	Inch	39~196
Tensile strength	L	N/5cm
	W	
Tear strength	L	N/5cm
	W	
Peeling strength	N/5cm	
Standard roll length	M/roll	50

Applications

- Billboard
- Display (indoor and outdoor)
- Banners
- Building murals and instore displays
- Exhibition booth decoration

Ink printability

- Solvent
- Eco-solvent
- Screen printing
- UV
- Dye transfer
- Dye direct

Frontlit Banner - JFC1010

Features

- Compatible with various solvent and eco-solvent inks
- Matte & gloss finish surfaces available
- Smooth surface makes it perfect for high resolution printing
- No curling edges

Physical properties

Properties	Unit	JFC1010
Basic fabric	Denier	1000×1000
	Threads/Inch ²	20×20
Weight	g/m ²	440
	oz/yd ²	13
Width	M	1.02~5.00
	Inch	39~196
Tensile strength	L	2000
	W	1900
Tear strength	L	230
	W	190
Peeling strength	N/5cm	50
Standard roll length	M/roll	50

Applications

- Billboard
- Display (indoor and outdoor)
- Banners
- Building murals and instore displays
- Exhibition booth decoration

Ink printability

- Solvent
- Eco-solvent
- Screen printing
- UV
- Dye transfer
- Dye direct

Frontlit Banner - JFCN1010J

Features

- Compatible with various solvent and eco-solvent inks
- Matte & gloss finish surfaces available
- Smooth surface makes it perfect for high resolution printing
- No curling edges

Physical properties

Properties	Unit	JFCN1010J
Basic fabric	Denier	1000×1000
	Threads/Inch ²	20×20
Weight	g/m ²	440
	oz/yd ²	13
Width	M	1.02~5.00
	Inch	39~196
Tensile strength	L	1800
	W	1700
Tear strength	L	210
	W	170
Peeling strength	N/5cm	50
Standard roll length	M/roll	50

Applications

- Billboard
- Display (indoor and outdoor)
- Banners
- Building murals and instore displays
- Exhibition booth decoration

Ink printability

- Solvent
- Eco-solvent
- Screen printing
- UV
- Dye transfer
- Dye direct

Black/White - BWC1813

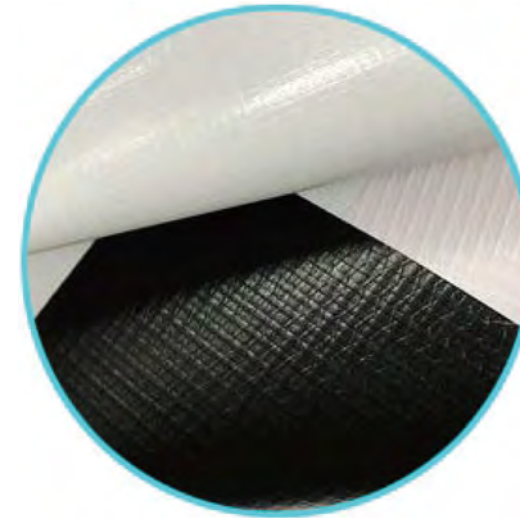

Features

- Compatible with various solvent and eco-solvent inks
- Matte & gloss finish surfaces available
- Smooth surface makes it perfect for high resolution printing
- No curling edges

Physical properties

Properties	Unit	BWC1813
Basic fabric	Denier	1000×1000
	Threads/Inch ²	18×13
Weight	g/m ²	400
	oz/yd ²	12
Width		1.02~5.00
	Inch	39~196
Tensile strength	L	N/5cm
	W	
Tear strength	L	N/5cm
	W	
Peeling strength	N/5cm	
Standard roll length	M/roll	50

Applications

- Billboard
- Display (indoor and outdoor)
- Banners
- Building murals and instore displays
- Exhibition booth decoration

Ink printability

- Solvent
- Eco-solvent
- Screen printing
- UV
- Dye transfer
- Dye direct

Black/White - BWC1010

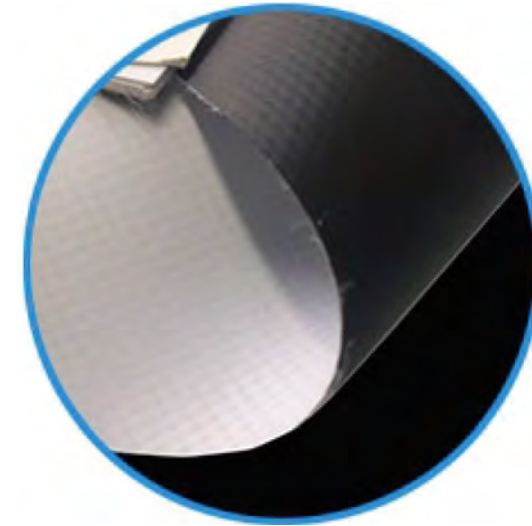

Features

- Compatible with various solvent and eco-solvent inks
- Matte & gloss finish surfaces available
- Smooth surface makes it perfect for high resolution printing
- No curling edges

Physical properties

Properties	Unit	BWC1010
Basic fabric	Denier	1000×1000
	Threads/Inch ²	20×20
Weight	g/m ²	510
	oz/yd ²	15
Width	M	1.02~5.00
	Inch	39~196
Tensile strength	L	2200
	W	2000
Tear strength	L	240
	W	210
Peeling strength	N/5cm	50
Standard roll length	M/roll	50

Applications

- Billboard
- Display (indoor and outdoor)
- Banners
- Building murals and instore displays
- Exhibition booth decoration

Ink printability

- Solvent
- Eco-solvent
- Screen printing
- UV
- Dye transfer
- Dye direct

Backlit - JBC550

Features

- Compatible with various solvent and eco-solvent inks
- Matte & gloss finish surfaces available
- Smooth surface makes it perfect for high resolution printing
- No curling edges

Physical properties

Properties	Unit	JBC550
Basic fabric	Denier	500×500
	Threads/Inch ²	28×28
Weight	g/m ²	510
	oz/yd ²	15
Width	M	1.02~5.00
	Inch	39~196
Tensile strength	L	2100
	W	2000
Tear strength	L	230
	W	200
Peeling strength	N/5cm	50
Standard roll length	M/roll	50

Applications

- Billboard
- Display (indoor and outdoor)
- Banners
- Building murals and instore displays
- Exhibition booth decoration

Ink printability

- Solvent
- Eco-solvent
- Screen printing
- UV
- Dye transfer
- Dye direct

Backlit - JBC1010

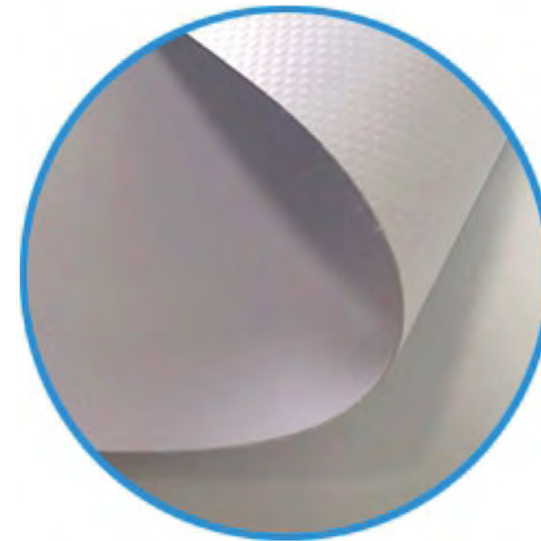

Features

- Compatible with various solvent and eco-solvent inks
- Matte & gloss finish surfaces available
- Smooth surface makes it perfect for high resolution printing
- No curling edges

Physical properties

Properties	Unit	JBC1010
Basic fabric	Denier	1000×1000
	Threads/Inch ²	20×20
Weight	g/m ²	510
	oz/yd ²	15
Width	M	1.02~5.00
	Inch	39~196

- Exhibition booth decoration

Ink printability

- Solvent
- Eco-solvent
- Screen printing
- UV
- Dye transfer
- Dye direct

Blockout - DW300

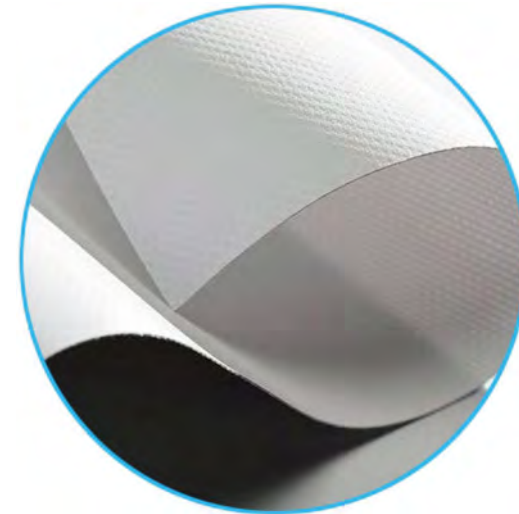

Features

- Compatible with various solvent and eco-solvent inks
- Matte & gloss finish surfaces available
- Smooth surface makes it perfect for high resolution printing
- No curling edges

Physical properties

Properties	Unit	DW300
Basic fabric	Denier	300×300
	Threads/Inch ²	40×42
Weight	g/m ²	440
	oz/yd ²	13
Width	M	1.02~3.20
	Inch	39~126
Tensile strength	L	1200
	W	1000
Tear strength	L	130
	W	90
Peeling strength	N/5cm	40
Standard roll length	M/roll	50

Applications

- Billboard
- Display (indoor and outdoor)
- Banners
- Building murals and instore displays
- Exhibition booth decoration

Ink printability

- Solvent
- Eco-solvent
- Screen printing
- UV
- Dye transfer
- Dye direct

Blockout - DW500

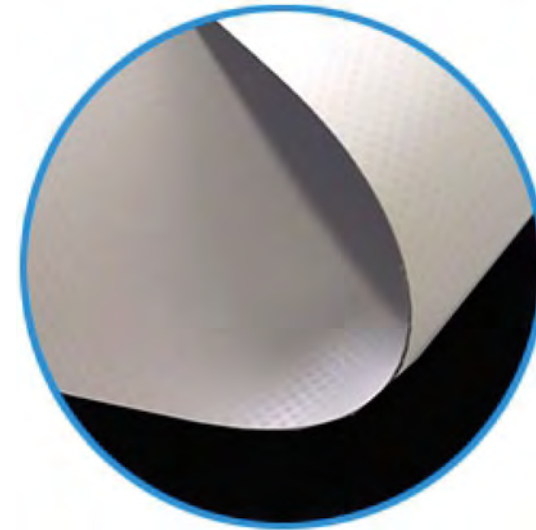

Features

- Compatible with various solvent and eco-solvent inks
- Matte & gloss finish surfaces available
- Smooth surface makes it perfect for high resolution printing
- No curling edges

Physical properties

Properties	Unit	DW500
Basic fabric	Denier	500×500
	Threads/Inch ²	28×28
Weight	g/m ²	610
	oz/yd ²	18
Width	M	1.02~3.20
	Inch	39~126
Tensile strength	L	1900
	W	1600
Tear strength	L	180
	W	120
Peeling strength	N/5cm	40
Standard roll length	M/roll	50

Applications

- Billboard
- Display (indoor and outdoor)
- Banners
- Building murals and instore displays
- Exhibition booth decoration

Ink printability

- Solvent
- Eco-solvent
- Screen printing
- UV
- Dye transfer
- Dye direct
